WORK EXPERIENCE

Full Stack Developer

03/2025 - 10/2025

Vittam Smart Solutions

- Collaborated on multiple web development projects using the company's internal ticketing system.
- Developed and maintained full-stack features using technologies such as **JavaScript, React, Node.js, and MongoDB**.
- Contributed to project planning, debugging, and feature enhancement through agile workflows.
- Ensured code quality, confidentiality, and adherence to organizational protocols.

Software Developer

acharyaG

12/2024 - 05/2025

- Developed and maintained a **React-based web application** integrated with **Firebase** backend services to ensure scalability, security, and high performance.
- Collaborated with **cross-functional teams** to design and deploy new features, resolve issues, and improve overall platform efficiency.
- Utilized **Firebase Authentication, Firestore, and Cloud Functions** for real-time data management and secure user operations.

PROJECTS

AcharyaG Edutech Platform

- Developed a **full-stack EdTech platform** enabling three user roles – **Student, Teacher, and Career Counselor** – for online learning, mentorship, and career guidance.
- Built **role-based authentication, dashboards, and real-time communication** features to facilitate interaction between students, teachers, and counselors.
- Implemented **location-based search functionality** to help users find nearby mentors, educators, learner.
- Designed and optimized the platform architecture to enhance **user engagement, scalability, and data management**.

VotingSystem

- Implemented **role-based authentication** for voters and administrators to maintain **security, access control, and data confidentiality**.
- Optimized database operations in **MongoDB** to ensure fast query performance and scalability.
- Designed an **intuitive frontend interface** in React.js allowing voters to **register, cast votes, and view results in real time**.

Ecommerce Platform

- Developed an e-commerce platform using Next.js for a fast, SEO-optimized, and responsive user interface.
- Designed a RESTful API with Node.js and Express.js, handling product management, authentication, and order processing.

EDUCATION

BTech in Information Technology - 7.6 <i>BUDGE BUDGE INSTITUTE OF TECHNOLOGY</i>	2022 - 2025
Diploma in Computer Science & Technology - 8.4 <i>MURARAI GOVERNMENT POLYTECHNIC</i>	2019 - 2022

SKILLS

Languages – JavaScript (ES6+), HTML, CSS

Frontend – React.js, Next.js, Tailwind CSS, Responsive WebDesign,

Backend – Node.js, Express.js, RESTful APIs,

Databases – MongoDB, MySQL, PostgreSQL,

Other Skills – Data Structures & Algorithms, Problem-Solving.

Cloud/Backend-as-a-Service – Firebase

ACHIEVEMENTS

150+ problems solved in Leetcode

Completed the Apprentice Software Developer Program, gaining hands-on experience in React.js, Next.js, and Node.js.

Regularly compete in online coding challenges, improving problem-solving skills in Data Structures & Algorithms.
